## *Letter From the President:*

Ladies of the Brush,

As you may know, my husband, Keith, had a pacemaker implanted. My task was to keep him from pushing, pulling or lifting with his right arm. He's doing much better now. I want to thank Lee and everyone who made the August 4<sup>th</sup> free paint a fun time for all who attended. Thank you Nancy for demonstrating the stroke work. I know we all need refresher courses.

I hope to see you at Lee's "Daisy in the Round" class on September 1st. For lunch, get ready for some of my Texas Chili. Jane will be making fancy hot dogs. Sound good?

I want to bring attention to our Newsletter Editor, Georgia Strein. She received a letter from SDP about the quality of her "beautiful newsletter that she prepared for Seaside Decorative Painters. Of course, we know she does an equally wonderful job for PCDP. Thank you Georgia for all you do for our chapter.

## *Letter from the 1st Vice President*

Ladies of the Brush

September is here already! Soon temperatures should cool off a bit.

Our September meeting is the 1<sup>st</sup> and once again we will be serving lunch for \$5.00. Hope you plan to join us. Our project is the Daisy Painted Plate. It's not too late to sign up.

The October project is Robin with fall foliage color pencil by Alise Duerr. If you have not tried a color pencil project this is the one for you. Not too difficult and does not require too many pencils. In fact, Alise has some you can borrow.

The November class is an acrylic Amaryllis in Cardinal Pot. Once again it will be an enjoyable class.

Christmas is fast approaching. Time to get all those unfinished projects completed to give as gifts. Does that ever happen? Plans will be coming along for our Christmas party. Profits from our luncheons will be used to offset Christmas party expenses.

I am off to Oregon after our September meeting so I will leave prep sheets with Lana so you can get signed up for the October class.

Happy painting  
Lee

### Painting Tips by Nancy Walsh

Another hint from Heather Reddick:  
When working with acrylics, thoroughly load brush with water to wet the filament inside the ferrule. Then, remove excess water on a soft absorbent paper towel, and begin the "habbit" of holding the brush upright. This will allow excess water in the ferrule to drain. Your brush should be damp only- not wet, unless you purposely want to dilute the paint.
